class affects not only our material wealth but our access to relationships and practices which we have reason to value including the esteem or respect of others and hence our sense of self worth it determines the kind of people we become and our chances of living a fulfilling life applying concepts from moral philosophy and social theory to empirical studies of class this accessible study demonstrates how people are valued in a context of the lottery of birth class or forces having little to do with moral qualities or other merits

11 goals 111 i have two main goals in this book the first is to give an account of the moral significance of merely possible persons persons who relative to a particular 1 circumstance or possible future or world could but in fact never do exist i call that account variabilism my second goal is to use variabilism to begin to address the problem of abortion 112 we ought to do the best we can for people and we consider this obligation to extend to people who are relative to a world existing or future but does it extend to merely possible people as well and if it does then does it extend to making things better for them by way of bringing them into existence if we say that surely it doesn't does that then mean that our obligation to do the best we can for people does not after all extend to the merely

possible that the merely possible do not matter morally but if the merely possible do not matter morally then doesn't that mean that it would be permissible for us to bring them into miserable existences and even obligatory to do just that in the case where bringing the merely possible into miserable existences creates additional wellbeing for existing 1 references to merely possible persons and later on to persons who do exist existing persons

deals with the processes of human nature from man's inborn impulses and needs to the most complete fulfillment of these
